

Eurosea 17

Subject: Eurosea 17 – 5 August to 9 August 2026 – Zeewolde, the Netherlands

On behalf of the Eurosea 17 organising team, we would like to inform everyone about the opportunity to register. Eurosea is a seminar for Sea Scouts from all over Europe. Every two years, leaders, organisers, and enthusiasts come together to share ideas, build new collaborations, and shape the future of Sea Scouting. Organised by a host country and the Odysseus Group, and supported by WOSM – European Scout Region, Eurosea offers a platform for inspiration and international connection. Participants are registered through their National Scout Organization/Association.

This edition of Eurosea will not be held in September, but from 5 to 9 August. Eurosea will take place on the same site where Europe's largest Sea Scouting event (Nawaka) will be happening at that time. Accommodation and workshops will be hosted in and around the **Avonturenhuis**.

For Eurosea in the Netherlands, Erasmus+ will be used among other funding options. If the NSO/NSA wishes to participate in this, it must be indicated in advance.

Participants can register via: [https://eurosea.scoutingportal.nl/stand-alone/..](https://eurosea.scoutingportal.nl/stand-alone/)

The participation fee is €599, excluding travel and insurance (see the participant conditions in the attachment for more information).

It is also important to note that when Erasmus+ is used, the participants involved will be required to deliver a workshop. Please take this into account when registering.

The working language during the event will be English.

If you have any questions or comments, please email info@eurosea.scouting.nl.

Kind regards,

The (Dutch) Organising Team
